NEW – Universe Canada™ Address Only

Reach the Largest Universe of Canadian Households

The Universe Canada Address Only database allows you to tap into a larger universe of households, providing you with the most complete geographic coverage possible. Using a proprietary process, Cornerstone has added two million address points – including over one million apartments – to the Universe Canada database, giving you unprecedented reach. Use the Universe Canada Address Only database to increase your overall mailing volumes or to fill in specific geographic areas where you need greater coverage.

Enjoy Great Deliverability and Efficiency

Unlike some unaddressed mail, the Universe Canada Address Only file is completely deliverable to the household – including apartment mailboxes. And, because it includes address points, you can eliminate existing customers from your mailing – increasing the return on your marketing dollars.

Universe Canada Address Only – List Rental

The Universe Canada Address Only file is available for list rental at a fraction of the cost of the Universe Canada name and address file.
